

Community engagement opportunity for Suicide Prevention Awareness Month

As Suicide Prevention Awareness Month approaches in September, now is a prime time to consider hosting a screening of the documentary, ***Moving America's Soul on Suicide***. This documentary, with a running time of just under 1 hour, 45 minutes, highlights nearly a dozen very personal stories of triumph over trauma, pain, and mental health challenges. Dr. Thomas Joiner explores what leads a person to these dark places, but more importantly, how to help them find their way back.

This impactful and inspiring documentary film series was developed with the National Action Alliance For Suicide Prevention, 988 Suicide & Crisis Lifeline, and Vibrant Emotional Health and is available for you to bring to your local community, fostering dialogue and engagement around its important themes.

Screenings have been held nationwide and are most impactful when accompanied with a planned dialogue or panel with local community experts. This approach helps contextualize the film within your community and encourages a local dialogue on the issues presented.

How to participate:

You may use the free online link on the Five Crisis Partners YouTube Channel: [Official Film: Moving America's Soul on Suicide](#) or connect with the film's producers.
